Student Body Comments:

Student Veterans Association:

- Noticed that the flag that was flying was ripped and tattered and would like to see it be replaced. This is the 3rd time that this has happened and each time they have had to talk to maintenance and vets are willing to show them a good flag that will not rip as easily.

Intervarsity Faith Club:

- They are a small faith based club and has heard from many students that they are interested but don't know what to do and they don't want to be offensive. They would like to let students know that they are open to any student who is interested and are willing to answer students questions.
