5. Pete Cormier, WWLR: Question for Kate Henriques if there can be a pot of money set aside for trips like this? Students studying abroad have to pay separate and this is not fair to those students.

- i. Kate Henriques, SGA President: this could be a possibility of what the 49900 account can be used for?
- ii. Katy Ebner: there is a difference as those trips are for-credit, whereas this is not for credit

- iv. Kelsey Emery, CAB: would it be possible to table the discussion?**

- 1. Katy Ebner: that would be difficult as prices will go up**

v. Katy Ebner: if the SGA could come up with a dollar amount per person, that would assist her in solidifying the trips

1. Alex Therriault: doesn't think it's fair to exclude those who nobody knows anything about or those with disabilities

vi. Patrick Wickstrom, SGA Financial Controller: how much has the Adventure Program been able to raise this semester?

Second: Becca Fauteux, The Critic

Call: Curtis Bates, Twilight Players

enrollment? The money we have left needs to benefit the clubs and the students. He suggests up to \$1,000.

ii. Alex Therriault: suggests to table the discussion

iii. Kelsey Emery, CAB: motions \$750

iv. Madison Henneberry: HOPE is wonderful, but SGA money should go to the clubs and organizations. It feels weird that this money is going towards business.

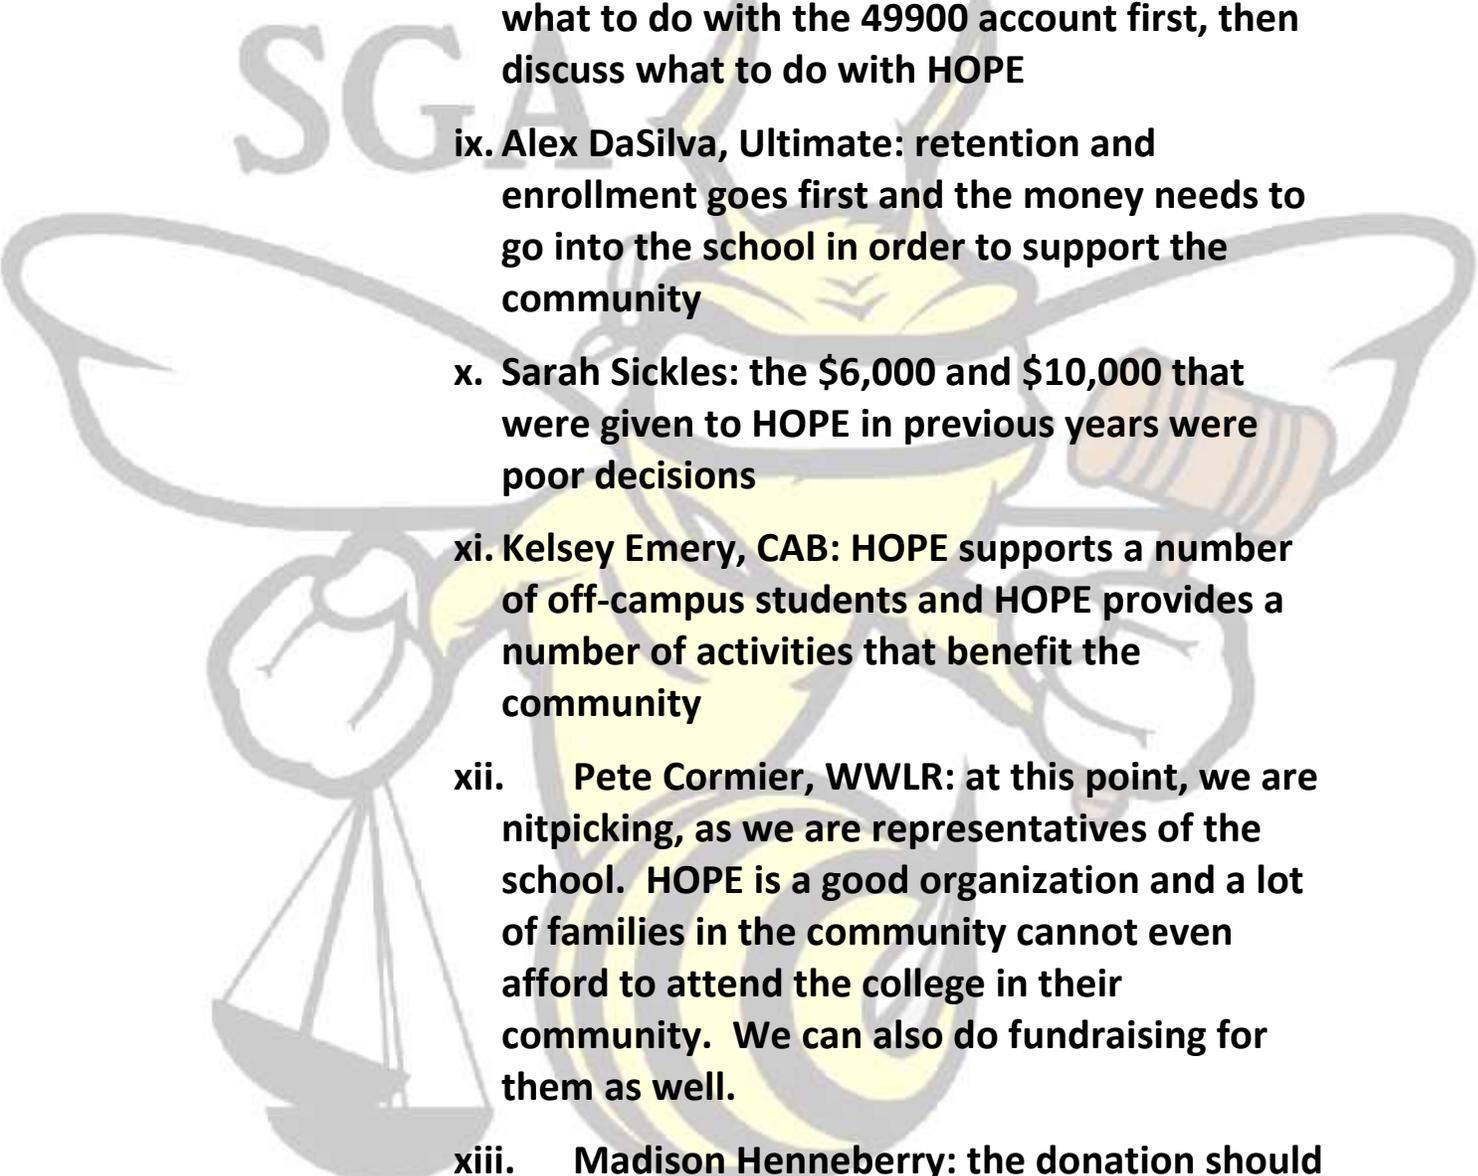

1. Kate Henriques, SGA President: it was voted on that providing HOPE funding is constitutional

i. Madison Henneberry: knows that it was voted constitutional, but it is not fair that tuition could be going towards this

v. Katelyn Gillette, MEISA: how has money been spent in the past?

1. Erin Rossetti, Director of Student Life: last year HOPE was given \$10,000, but in the past they have been given varying lowering amounts

vi. Kyla Smith, Veterans Association: as someone who has utilized these services, HOPE does important work for the community

- 
- vii. **Gage Gibbons:** seconds Madison's thoughts that SGA money should not go towards HOPE
- viii. **Trevor Utton:** suggests the SGA go over what to do with the 49900 account first, then discuss what to do with HOPE
- ix. **Alex DaSilva, Ultimate:** retention and enrollment goes first and the money needs to go into the school in order to support the community
- x. **Sarah Sickles:** the \$6,000 and \$10,000 that were given to HOPE in previous years were poor decisions
- xi. **Kelsey Emery, CAB:** HOPE supports a number of off-campus students and HOPE provides a number of activities that benefit the community
- xii. **Pete Cormier, WWLR:** at this point, we are nitpicking, as we are representatives of the school. HOPE is a good organization and a lot of families in the community cannot even afford to attend the college in their community. We can also do fundraising for them as well.
- xiii. **Madison Henneberry:** the donation should be made by the school in the name of the students

xiv. **Kyla Smith, Veterans Association: cutting off HOPE would sever the relationship we currently have with the community**

xv. **Renee Chaples: believes some of the facts being stated do not have evidence, however she has seen the impact that HOPE has had in the community**

v. Giving all the money to the Campus Activities Board

vi. Treating the money as a saving account to be ultimately spent on a preapproved major on-campus project
